

A Different Husband Every Day Novel

Chapter 1 To 5

Chapter 1

"Yinyin, your father is ill, and he is still in the ICU. We can't go in and visit him, wuwuwu..."

"Yinyin, they made a batch of radiation jewelry while your father was sick."

"Yinyin, your father used to guarantee your uncle Du. Uncle Du went bankrupt and the company was frozen. The bank asked your father to pay 300 million yuan."

.....

The cry on the phone is more miserable and desperate.

In response to the call was the regular sound of the knife hitting the cutting board.

The girl's mobile phone is far away from the wooden dining table connected with the console. The girl is wearing an apron with long black hair and high arm. Her slender body stands in front of the chopping board. She picks up the knife and knocks the fish with the back of the knife skillfully and quickly.

Fang Meixian at the other end of the phone cried for a long time. She didn't get a word from her daughter. She stopped sobbing. She heard the familiar voice, and her anger rose.

"Li Weiyin, do you have a conscience? Your father has entered the ICU and

is facing bankruptcy. Your mother and sister are almost on the street. You are still in the mood to cook!"

The sharp accusation made Li Weiyin stop her movements. She looked at the fish, put down her knife, took a steel spoon, and reached for her mobile phone.

"Mom, tell me what you want me to do."

Her voice was clear and cool, like the flowing water in the mountain stream, and the cold silence of the mountain.

Li weiyinbi knows her mother well. In the eyes of her parents, she is just a waste who only knows how to eat, drink and play. They will not think of her if there are big things happening. Only when she can bring her value into play will they think of her.

She once suspected that she was a foster, so after saving, she took her parents' hair for paternity testing.  www.onlinefreenovels.com

It turned out to be self-evident that she was a natural being, but she did not like them.

She bent over and carefully scraped the smashed fish off the skin with a steel spoon. She was indifferent to the fact that she was about to be sold.

Fang Meixian, who had a strong sense of justice, suddenly became guilty, especially on the other side of the phone. It seemed that her daughter had already stopped, but she was more nervous.

Li Weixin, sitting next to Fang Meixian, holds her mother's hand and gives her an encouraging look.

Fang Meixian's heart warmed and calmed down: "Yin Yin, do you know Mrs. Xu? She came to me and wanted to get married with our family. As long as we can become relatives and the bank's 300 million, the Xu family can take our place. "

Sure enough, Li Weiyin's lips are slightly raised. Her lips are naturally soft and charming, which makes the cold thorn smile have a charm: "Madam Xu, I think it's mutual respect in Jincheng.

I can't like it when I write it out. After all, radishes and vegetables have their own love. But not liking is not the reason to hurt. It grows well here, and it doesn't provoke anyone. I hope readers who don't like it will come quietly and leave in silence.

Finally, it is noted that some of the recipes are from the literature and are not original, so as to avoid being accused of plagiarism in the future. Each dish accounts for no more than 150 words.

The above is some of the author's nonsense, do not like to see automatically skip.

Call her by roll?

Li Weiyin, who scraped all the fish off and put it on the chopping board, fell into deep meditation. Even in her meditation, her knife still began to chop the fish.

The Xu family is the first one in Jincheng, with immeasurable wealth. Mrs. Xu is in charge of the family.

We all know that Mrs. Xu has a son who is very mysterious and has never been seen by anyone. It is said that she studied abroad, and the media did not find anything. The most powerful reporter only photographed the back of a boarding plane.

Li's jewelry business is also a well-known rich merchant in Jincheng, but they can't touch the threshold of the Xu family.

Li's family is not qualified to receive the invitation letter, and Li Weiyin has never met Mrs. Xu.

According to the law, Mrs. Xu can't know that there is Li Weiyin in this world. How can she name her?

After years of understanding, Li Weiyin, who is very careful, can tell from Fang Meixian's tone that she has not lied.

So there is only one possibility. Mrs. Xu has been carefully selecting her daughter-in-law for a long time. She even lowered her door and selected her from a family with a little face. After a wide selection, she was selected.

So what are the reasons for choosing her?

Since she was a child, she did not often attend various banquets. What she studied in college was not business management but foreign language. After graduation, she wandered around and searched for delicious food all over the world. When she saw her experience, she would probably think that she was a loafer.

Why did the Xu family want such a daughter-in-law, or after a lot of screening?

"Did you not listen to me again?" Fang Meixian was short of breath.

Because she heard her most annoying voice, she didn't understand that she was a little eccentric, but she didn't let Li Weiyin lack food and clothing from small to large.

This daughter doesn't know why she is so greedy, she doesn't care about everything, she only knows how to eat and drink!

Etiquette class skipping class to drill into the kitchen, the nanny does not have to do their own rough work, born is not a happy life!

Li Weiyin recalled: "is there something wrong with Mr. Xu's family?"

She thought of Fang Meixian's lack of confidence at the very beginning. Since Mrs. Xu had come in person, she must be frank.

If there's nothing fishy about the Xu family, let alone Li Weixin, who is 19 years old. Even if she is under age, Fang Meixian will plan for her little daughter and wait for her little daughter to win her honor.

Where would it be her turn, the eldest daughter of a transparent man?

"Well The eldest young master of the Xu family When I was young When I was young, I had a high fever... " Fang Meixian faltered and said, "the high fever has burned the brain IQ Only eight or eight years old... "

Fang Meixian's voice was getting weaker and weaker. At the end of her eight years old, she would not be able to hear clearly without Li Weiyin's sensitive hearing.

I see. Everything makes sense.

Mrs. Xu is so smart that she will not marry a lady. She is afraid that she will raise her ambition. In the future, she will change her family name.

You can't marry a small family who doesn't know anything. If you can't take

it, you've wronged her baby's only son, and you may not be able to support Xu's family.

She, Li Weiyin, is a good choice. Her family is not high or low. The most important thing is that Mrs. Xu must know that her parents are weak. When she marries and Mrs. Xu trains her meticulously, can she not take heart and lung to the Xu family?

Li Weiyin lips a lift: "Mom, very honored, I am worth 300 million."

Li Weiyin pressed the screen and hung up the phone.

Chapter 3

After receiving the busy tone, Fang Meixian froze and asked Li Weixin: "what does your sister mean?"

"Sister It must have been agreed?" Li Weixin is not sure.

Did Li Weiyin agree?

Of course not!

Because Li's family didn't know she had a boyfriend. If she hadn't met someone she liked, Xu might be a good choice.

Although her parents were partial, she was not scolded and scolded from childhood to adulthood. She was also raised rich.

She is still a conscientious person who can't help but repay her kindness.

300 million, her boyfriend can afford it!

On the other hand, since Mrs. Xu has been honest about Mr. Xu's situation, she has to go to show her attitude in person. As the woman she admires most,

Li Weiyin thinks that Mrs. Xu should have a big heart, and the pride of the Xu family also does not allow her to do things of plunder.

Even if she is suitable for Mrs. Xu's choice, China is so big, there must be other suitable people.

Li Weiyin called her friend. Her father was the most famous surgeon in Jincheng. She had a lot of contacts in this area. She soon inquired about her father.

Knowing that he was out of danger, Li Weiyin softened down and put the minced fish in a bowl for a while.

Then he took out a bowl and knocked the eggs in. He stirred them well.

Serve the fish bowl, add water, water, salt, Shaoxing wine, ginger juice, stir vigorously, while stirring, drizzle egg liquid, stir into surimi slurry.

On the other side, peel off the outer film of pig oil, press it with the back of a knife, and add Xuanwei ham to mix the stuffing.

Take 12 small wine plates, coat the inner wall with lard, and then put in half a cup of surimi.

Then put a white fruit size ham stuffing heart, covered with surimi slurry, smooth.

On the noodles, coriander leaves and ham were used to make flower patterns.

Put it into the steamer and turn on the fire. In order to prevent the surimi from steaming out of the cavity and affecting the appearance, a small slit is carefully left in the cage cover.

After seven minutes, take out the fish breast while it is hot, put the flower face up and put it into the bowl.

Finally, pour the salted broth into a bowl and drizzle with a light layer of chicken oil.

This is the lost conch.

White and tender fish with green coriander and bright red ham, the visual effect of blooming flowers, chicken oil not only adds a crystal luster, but also promotes the fragrance of both.

"It's delicious." A natural languid male voice rings.

Li Weiyin turned his head and saw that he had been standing there for a long time.

"When did you come back? No sound." Li Weiyin was angry with him, but he waved, "go wash your hands and taste the delicious food I specially prepared for you. I spent a lot of effort on this dish."

It was not only after three months of hard work in a remote place that he coaxed the master to pass the dish to her.

In addition, it was too difficult to buy a river scallop. She kept it for a month before she bought a qualified one.

"How much thought did it take?" Lou Yucheng asked casually while washing his hands.

Li Weiyin also brought out the other dishes, while laying rice and returning:

"the swordfish must be migratory in order to be delicious. The swordfish starts from the sea and goes up the river to Jiangcheng. In the middle of the way in Chengjiang, the salt content in the body is exhausted, and the meat quality is the best. "

They are now in Chengjiang and have geographical advantages.

But now the fishermen started too early, let alone wait for the fish to Chengjiang, just arrived at the mouth of the Yangtze River Liuhe was caught.

She was lucky to meet this fish who missed the net today.

It's a rare opportunity. Of course, you have to make the best dishes to live up to the good ingredients.

Chapter 4

The fresh and delicate fish is full of taste buds, and the rich aroma of ham lingers on the tip of the tongue.

Lou Yucheng has always known that Li Weiyin has a pair of skillful hands that can grasp anyone's stomach. However, she is still amazed and intoxicated by her delicious food.

When people are satisfied with their stomachs, they are naturally in a good mood.

Li Weiyin took advantage of this time to open his mouth: "Yucheng, I want to borrow some money from you."

Lou Yucheng raised his eyes and looked at her. This was the first time she spoke to him about money. Without saying a word, Lou Yucheng nodded and turned to the office study and took out a pen and a check.

Sitting in front of Li Weiyin: "how much do you want?"

Although asked, he had already lowered his head and began to write. He directly opened five million: "is five million enough?"

Li Weiyin tightened her hand and shook her head slightly.

Lou Yucheng looks the same, and opened a five million: "ten million should be enough?"

He met many women in his life, but Li Weiyin was the first person who could freely enter and leave his residence.

And the first woman to give him an impulse to settle down.

He was the first woman who was willing to talk about love with her and had a serious relationship for half a year without even kissing her.

He gave her respect, consideration, care and patience, and even if he had just learned that she had cheated him, he still intended to expose it.

Li Weiyin, who had made up her mind and planned to speak up, was broken up by Lou Yucheng's action.

She looked at the cool and handsome face in front of her, and she was silent.

Lou Yucheng's handsome, can be said to be famous in China. Since he spoke at the business summit three years ago, his suit photo has become one of the objects loved by Chinese women more than the flow stars in the entertainment industry.

He has a standard Chinese face, but his chin is cocky and his facial features are bold and heroic.

The eyes are big and deep, the eye shape is smooth, the calm is incomparable, the smile is gentle and infinite.

The root of the mountain is straight and straight, and the lips are thin. This man can be brave and beautiful in one second, or become a warm man in the next second.

Even Li Weiyin has been in contact with him for half a year, and occasionally he can see his cute appearance.

Li Weiyin's difficult appearance made him ask, "what are you going to do?"

What is the concept of ten million? If a person's monthly salary is 10000 yuan, 120000 yuan a year, after deducting his living expenses, human relations, normal even salary increase, he has to struggle for at least 100 yuan to accumulate.

Ten million yuan notes can also weigh more than 110 kilograms, enough to kill people.

Investment, real estate, business, for a just 22-year-old girl, still not out of the scope of girls are more than enough.

"If something happened to my family, we need 300 million guarantee fees to compensate the bank." Li Weiyin took a deep breath and tried to be more natural. "I borrowed this money from you, and I will definitely return it to you."

The first time I asked someone to borrow money, and it was such a large amount of money that Li Weiyin still felt uneasy even if she liked her.

Lou Yucheng's deep eyes gazed at her quietly. She was more and more uncomfortable before she chuckled. His eyes turned cold: "return me, what do you want to return me? Body? "

Li Weiyin looks at him in shock, a little uncertain about what she has just heard.

However, Lou Yucheng has a smile on his lips and looks at her slightly. His smile at the moment is no longer gentle and warm.

He suddenly pressed down, pinched her chin, and said contemptuously, "what gives you confidence that you are worth 300 million?"

Chapter 5

Her eyes quickly turned red. Li Weiyin looked at this strange and familiar man in disbelief.

He was no longer tender and considerate in the past, and his eyes became sharp, cold and scornful.

"Don't show me that I've been hurt. I've never been bewildered by a woman in my life." His eyes were sinister, his head was slowly lowered, and his breath was over her.

Like an enraged trapped animal, he wants to vent cruelly: "you want 300 million, OK. Let me see if you are pure and clean. If I am the first man you cheat on, I will give it to you

Show eyes to crack to finish saying, Lou Yu Cheng to Li Weiyin charming red lips kiss down.

Li Weiyin broke away from his shackles at this time, and the hot and humid kiss fell on her smooth face.

Lou Yucheng's eyes are colder, as if there is a storm brewing. He is rude to imprison Li Weiyin.

Li Weiyin, however, did not get caught. The two men twisted together.

"Pa!"

A crisp slap in the face rings in the quiet room.

Lou meets Cheng Junlang's face is red. Li Weiyin pushes him with all his strength while he is in a daze. He pulls up his collar and runs to the opposite side quickly.

Her eyes were full of guard and tears fell.

Lou Yucheng chuckled at himself. He turned to sit on the sofa lazily, his eyes calm and merciless: "you want money, I have. But you don't want to give me anything, but you want me to pay you. Am I a fool in your eyes? "

Li Weiyin looked up and forced her tears back. After a while, she looked at him stubbornly: "I don't know what you misunderstood. I have the ability to return the 300 million yuan to you. I have a 10% stake in Lijia jewelry. When the bank's debt is cleared, the company has recovered. This 10% is worth 300 million yuan. I'll transfer it to you. "

From beginning to end, Li Weiyin didn't think that her boyfriend should give

her money free of charge.

She was able to repay, so she opened the mouth. But if Lijia jewelry didn't survive this time, her 10% shares would not be worth 300 million yuan.

The shares were divided to her when her grandfather died.

She also has some jewelry given by her elders in the past. If the shares are close to each other, when she sells them, it will be almost enough.

She just wants to borrow for a few months. Lou Yucheng has no obligation to borrow her. She can refuse her. She won't blame him.

But he couldn't insult her like that, thinking that she was with him in order to cheat him out of money.

"Lijia jewelry." Lou Yucheng was cold, with a sneer in his eyes. He pulled his collar and threw out some photos.

Some of them fell on the edge of the tea table, some on Li Weiyin's feet, and even one across Li Weiyin's slender leg, leaving a thin bloodstain on her calf.

Li Weiyin didn't feel the pain. In the photo, there were buildings meeting the city, Fang Meixian and Li Weixin.

They seem to be talking about something. One of the louyucheng's faces is sincere and modest, while the others are still smiling. Li Weiyin, who knows him very well, can see that he is a formulaic smile with no emotion or even a faint anger.

"You've met my mother and sister. What did they say to you?" Li Weiyin had an ominous premonition.

Lou Yucheng closed his eyes, his fist clenched, and the blue veins on his forehead beat with forbearance: "Li Weiyin, it's a pity that you don't want to be an actor. You still don't give up and lie to me!"
